### **HDM CORP. ADDS VA CLAIMS PROCESSING AND REMITTANCE TO ITS QWIK+TRANSET® TEAM'S CAPABILITIES**

Omaha, NE – HDM Corp. can now process Veteran's Administration (VA) claims and remittance transactions for its clients, with no additional system changes needed by its customers. Clients are not required to have a current connection with clearinghouses and HDM's Qwik+TranSet product can receive, translate and process 835 return files as well, with a direct connection to the VA.

"This allows us to process the 'complete VA circle' for our clients smoothly and efficiently," says Mary Springer-Scheer of HDM Corp. "We continue to find a better way to administer health care transactions for our clients."

HDM Corp.'s Qwik+TranSet product eliminates the need for clients to constantly adapt legacy systems to meet ever-changing government regulations; provides a customized solution so ANSI compliance can be achieved without major changes and significant investments to internal systems and procedures; and simplified its clients information technology requirements by providing a variety of connectivity and storage option.
